

Lab 2 – mini instagram

The screenshot shows a web browser window with two tabs: 'Mini Instagram' and 'Future Academy - Student Pro'. The address bar shows the URL '127.0.0.1:8000/like/2/'. The page title is 'Mini Instagram'. The main content area features a form for creating a post. The form has three input fields: 'Username', 'Description', and a file upload area with a 'Choose File' button and the text 'No file chosen'. Below these fields is a large purple 'Post' button.

After upload photo

The screenshot shows a social media post by @Sarah. The post features a purple header with the text 'Week 7 – Day 3' and 'Mini Instagram Today's Learning Journey'. Below the header is a paragraph of text: 'We continued building our Mini Instagram project using Django and worked on styling and improving the user interface.' The post includes a 'Key Topics Covered' section with a list of topics: 'Working on the Mini Instagram project', 'Creating and styling templates (HTML & CSS)', 'Designing a user-friendly interface', 'Displaying posts with images, username and description', 'Adding a like feature', and 'Improving the overall layout and visual design'. There is also a 'Project Structure (Main Files)' section showing a directory tree for 'mini_instagram/' with files like 'feed.py', 'static/css', 'static/js', 'urls.py', 'views.py', and 'wsgi.py'. The post also mentions 'Technologies Used' (Python, Django, HTML, CSS) and 'What's Next?' (Continue improving the project, Review and test all features, Prepare for the next day's topics). The post has a 'Day 3 Completed' badge and a 'Like' button. The post is titled 'Django Media & Mini Instagram' and has '1 likes'.
